

RIVERLAND ENERGY COOPERATIVE THANKS AREA DAIRY FARMERS DURING JUNE DAIRY MONTH

By Tim Holtan, CEO

June Dairy Month is a time to recognize and thank the dairy farmers who play such an important role in our local communities, our state and our way of life.

Here in Wisconsin, dairy farming is part of the rhythm of rural life. It is early mornings, late nights, changing weather and a steady commitment to caring for animals every day of the year. The work does not pause when the day runs long, when storms move through or when the calendar is full. Farmers carry a constant responsibility to their herds, their land, their families and their communities.

At Riverland Energy Cooperative, we are proud to serve many farm members. We also understand how important dependable electric service is to daily farm operations. Milking equipment, ventilation systems, waterers, feed systems and milk cooling all depend on reliable power. Our dairy farm members count on us, and we take that responsibility seriously.

One of the best ways to celebrate June Dairy Month is by attending a local dairy breakfast. These events give families a chance to enjoy a meal on the farm, learn more about dairy farming and thank the people who help provide the milk, cheese, butter, yogurt and ice cream we enjoy throughout the year.

Riverland Energy Cooperative encourages members to attend one of these local events if they are able. Bring your family, enjoy breakfast in a farm setting and take a few min-

utes to visit with the farmers and volunteers who make these events possible.

Area dairy breakfasts are scheduled for Saturday, June 20:
