

ROUNDING UP YOUR BILL, SUPPORT YOUR COMMUNITY

By Tim Holtan, CEO

At Riverland Energy Cooperative, providing safe, reliable, and affordable energy is only part of what we do. As a cooperative, we are also guided by the principle of Concern for Community, which means supporting the people, programs and organizations that make our local communities stronger.

One simple way members can help is by enrolling in Rounding Up for Community Cares. Through this voluntary program, participating members have their monthly electric bill rounded up to the nearest dollar. The extra cents are placed into the Community Cares Foundation fund and used to support charitable needs throughout Riverland Energy Cooperative's service area.

The average donation is about \$6 per year, with annual contributions ranging from \$0.01 to \$12. While the amount may seem small on one bill, it adds up when members come together. Since the Community Cares Program began in 2014, Riverland Energy Cooperative members have contributed over \$43,000 to help support local needs.

Community Cares funds are generally awarded to 501(c)(3) organizations whose activities benefit members within Riverland Energy Cooperative's service area. The program can support many types of community needs, including rural fire departments, emergency response services, youth activities, school programs, senior citizen programs and

hospice services. Funds are not used to pay members' electric bills and are not used for political purposes.

The Community Cares

Foundation is a separate organization from Riverland Energy Cooperative and is governed by a board of directors. After grant applications are submitted, the board reviews requests and approves funding according to the Foundation's bylaws.

Enrolling is easy! Members can sign up by completing the form on our website, enrolling through SmartHub, or calling our office at 800-411-9115. Program information is available at www.riverlandenergy.com under Community > Community Giving > Community Cares.

Community groups and organizations that serve communities in Riverland Energy Cooperative's service area may also apply for Community Cares funding. Grant applications are available on our website or by calling our office. Grants are awarded semi-annually, with deadlines in February and August.

The next Community Cares application deadline is **August 13, 2026**.

By rounding up your bill, you can help turn small monthly contributions into meaningful support for the communities we call home.

Right: The Whitehall Lady Norse Volleyball program received a \$500 grant. Pictured are members of the Whitehall Lady Norse Volleyball team with Riverland Energy Director and President, Dennis Frame (far left).

TAKE CONTROL DURING SUMMER PEAK MONTHS

Want more control over your electric bill during the hottest part of the year? Riverland Energy Cooperative's Time of Use rate may be an option to consider.

By shifting some energy use away from on-peak hours, members may be able to better manage their bill while helping reduce strain on the electric system.

Simple changes can make a difference, such as running the dishwasher later in the evening, doing laundry outside of peak hours or adjusting when you use larger appliances.

Current Time of Use Rates:

Base Service Charge:

\$1.38 per day

On-peak energy charge:

34.776 cents per kWh from 1 to 6 p.m., Monday through Friday

Off-peak energy charge:

10.469 cents per kWh all other times

Demand Charge:

\$1.00 per KW (6:00 a.m.- 9 p.m., 7 days a week)

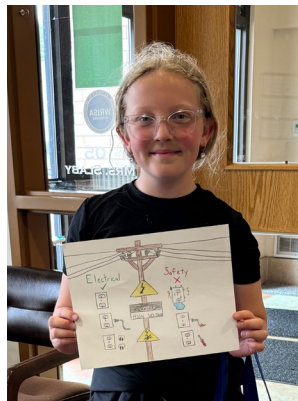

The on-peak period applies on weekdays from **June 1 through August 31**, excluding Independence Day.

The Time of Use rate is optional, so members can choose whether to remain on the standard rate or make the switch to help lower bills and reduce grid strain during peak demand. If your household has flexibility in when it uses electricity, contact Riverland Energy Cooperative to learn more.

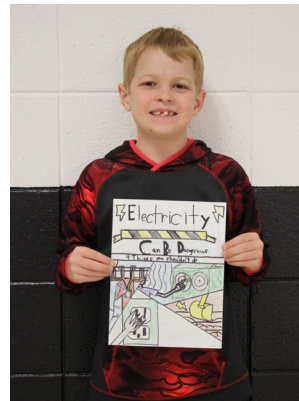

SAFETY POSTER CONTEST ARTISTS RECOGNIZED

Third-grade students from across the Riverland Energy service territory submitted safety posters in April in preparation for Electrical Safety Month in May. The winners received a prize, and their posters were sent to WECA for the state contest.

Ruby Kiekhoefer from Holy Family Catholic School was the first-place winner, Wyatt Dahl from Cochrane-Fountain City Elementary was the second-place winner, and Teghan Serum from Gilmanton Elementary School earned third place locally and went on to win first place in the WECA statewide competition. Educating youth and the public about the dangers of working and playing around electricity is one of the most effective ways to help prevent electrical injuries. Thank you to all the students who participated and helped share this important safety message.

Ruby Kiekhoefer
First Place

Wyatt Dahl
Second Place

DO YOU HAVE CAPITAL CREDITS TO CLAIM?

Riverland Energy Cooperative has unclaimed capital credits for the members listed below. A complete list of names can also be located on our website. Claims may be submitted by email at capitalcredits@riverlandenergy.com, by mail or by calling 800-411-9115.

Pursuant to Wisconsin Statutes Section 185.03(10), Riverland Energy Cooperative of Arcadia, Wisconsin, hereby notifies eligible members that it has unclaimed funds in their names. These funds may be claimed on or before September 25, 2026. If the funds are not claimed by that date, with satisfactory evidence of the right to receive them, they will be forfeited to the cooperative and assigned to the Federated Youth Foundation. These funds support cooperative scholarships and education programs.

(List is continued from last month.)
