

Riverland Energy Cooperative

Your Touchstone Energy® Partner 

Jerry Sorenson,
General Manager

SMALL CHANGE FROM YOU, BIG CHANGE FOR THE COMMUNITY

Eight years ago Riverland Energy Cooperative developed a program called Community Cares. Every month, many of you have helped fund Community Cares just by letting us round your electric bill up to the nearest dollar amount. Even though your donation never amounted to more than 99 cents per month—it added up to make things happen in the community.

Beyond just the extra change though, you gave this program something equally valuable. You gave your trust. For eight years, you’ve trusted The Community Cares Foundation Board, which oversees the program, to make the right decisions about where and how to distribute your donations into the community. And I can tell you, this is never an easy task.

The Foundation board sorts through numerous applications, determining how to make the dollars you’ve entrusted to them have the biggest impact. While it would be great to give to everyone but we know that’s not possible, we are happy to have this program in place and even better to have people like you support it.

I hope you feel a sense of pride in knowing the role you play in making our area a better place. I hope you feel a good sense of ownership in the good work Community Cares does. I hope you feel a renewed commitment to investing.

If you are not part of the program, consider joining now. You can sign up through our website or through your account on SmartHub. You can also sign up at one of our offices or call us at 800-411-9115 and request a form.

Applications due August 20

Community Cares grant applications are available from Riverland Energy’s charitable donation program. Funds will be donated primarily to non-profit organizations to help fund specific projects or programs.

More information and applications can be found on our website at riverlandenergy.com.

RIVERLAND ENERGY DONATES TO LOCAL LIBRARIES

Riverland Energy Cooperative made a \$10,000 gift to the Mondovi Public Library and the Whitehall Public Library for the construction of new libraries, giving each library \$5,000.

The Mondovi Public Library “Beyond Books” Capital Campaign Committee hopes to raise \$1.5 million. “The current building no longer meets the needs of its users nor is it compliant with the American and Disabilities Act of 1991, among many other needs of our community,” said Aleen Linse, Capital Campaign Committee member.

The Roots and Wings Campaign for a new Library in Whitehall hopes to raise \$3.2 million. According to the committee, the current location does not meet ADA code, there is little seating, and there is no private meeting space or storage space.

The funds for these donations are derived from Riverland Energy’s Federated Youth Foundation, with matching funds from CoBank’s Sharing Success Program.

Mondovi Library (above) l-r: Riverland Director Fran Fedie, Riverland General Manager Jerry Sorenson, Campaign Committee members Mike and Aleen Linse, and Library Director Katelyn Noack.

Whitehall Library (left) l-r: Amanda Hegge, Whitehall Public Library and Jerry Sorenson.

MY CO-OP

DO YOU HAVE CAPITAL CREDITS TO CLAIM?

Listed below are the names of members who are entitled to capital credit refunds. Riverland Energy would like to return capital credits to those who earned them; otherwise, the unclaimed capital credits will be forfeited and assigned to the Federated Youth Foundation. These funds are then used in the cooperative scholarship and education programs. Claims may be sent to the cooperative by email to bmathson@riverlandenergy.com, by mail, or by calling 800-411-9115 or 608-409-7066.

Pursuant to Wisconsin Statutes Section 185.03(10), you are hereby notified that Riverland Energy Cooperative of Arcadia, Wisconsin, has in its possession unclaimed funds belonging to you. You may claim these funds by contacting the cooperative and furnishing proof of your legal interest in such funds on or before September 25, 2020. You are further notified that unless you do claim such funds and provide satisfactory evidence of your right to receive the same these funds will be forfeited to the cooperative. The full list can also be found on our website, www.riverlandenergy.com.

SAFETY ARTISTS RECOGNIZED

Third-grade students from across the Riverland Energy service territory submitted safety posters in May for National Electrical Safety Month. Trey Wellik of Onalaska was the first-place winner, Allyson Mercer of Mondovi was the second-place winner, and Lexus White of Arcadia was the third-place winner. The winners received a cash prize and their posters were sent to WECA for the state contest.

The most important tool in preventing electrical injuries is educating the youth and public about the potential dangers of working and playing around electricity. Thank you to all who participated!

SUMMER SHIFT: Small Steps for Savings

The goal of the Summer Shift program is to shift non-essential electricity use to before 11 a.m. or after 7 p.m., June through August. These are times when electricity use is not at its peak and, therefore, is not as expensive. So, how does Summer Shift work?

If a member shifts their electricity use, they may not necessarily save energy. They could use the same amount of electricity, but at a different time of the day. That is still beneficial because it means the cooperative's wholesale power provider—Dairyland Power Cooperative—did not have to purchase as much power when electricity costs were more expensive. When the cooperative saves, so do members.

Jerry Sorenson, General Manager
